Who are we & How

At Tejas Web Solutions™, we are more than just a design and development company we are digital growth partners committed to bringing real impact.

Since 2012, we've been offering professional branding and digital services to small and mid-sized businesses across Bangalore and surrounding regions. We began by serving corporate clients with tailored branding and website solutions. Over time, we extended our mission to schools and educational institutions, offering affordable annual packages designed to help them grow their presence and identity in the competitive digital space.

In 2025, we earned our **ISO 9001:2015 certification**, a mark of international quality. But long before the certificate, we built every service on the principles of clarity, quality, and client-centered commitment, consistent with ISO's Quality Management Framework.

Quality + Credibility + 12Years
You Can Count On

Not just big brands every brand deserves to shine. And consistent branding
is how that shine turns into strength.

SUCCESS

FAILURE

At Tejas Web Solutions™, we believe that the success or failure of a business is shaped not just by what it offers but by how it's seen, remembered, and trusted.

In today's competitive world, many startups and small businesses dive into day-to-day operations without building a unique identity or consistent presence. As a result, even great services go unnoticed.

This is where branding and marketing play a crucial role. Big companies grow because they understand the power of identity, design, and visibility. But small businesses often miss out due to lack of awareness or the high cost of professional services.

We exist to change that.

We believe **“Not Just Big Brands – Every Brand Deserves to Shine.”**
And we're here to make that possible – affordably.

How We Do It

1

We begin with your logo your visual signature so your clients can remember you, trust you, and choose you confidently.

2

Then we build your complete brand toolkit

Business Card, IDCard, Letterhead, Stamp, Presentation, Brochure, Invoice Design, T-shirt, Cap & other merchandise all aligned to your brand identity.

With your brand kit ready, you're now ready to approach clients not randomly, but with consistency and professionalism.

3

Next, we set up your online presence

In 2025, a website isn't optional it's your 24/7 marketing executive. We build your website, optimize it with SEO, and connect it with your Google Business Profile for trust, visibility, and local reach.

4

After 1 year of proven service quality, we guide you to get certified with ISO 9001:2015 (Non-IAF) a mark of commitment that builds deeper trust and sets you apart from competitors.

OUR VISION

At Tejas Web Solutions™, we believe that every business big or small has a story worth telling.

Over the years, we've seen how small and medium-sized businesses often deliver exceptional services, yet go unnoticed. Their quality, hard work, and consistency are rarely recognized because they lack access to media, branding platforms, or cost-effective marketing.

That's why our vision goes beyond building websites or managing campaigns — *we are creating a platform of recognition and visibility.*

We aim to

- 1 Offer awards and honors that celebrate their contribution and inspire others
- 2 Whether it's a tea seller or a tech innovator, every business has a story, and we are here to help shine the spotlight on that journey.
- 3 Feature their stories in digital magazines to build trust
- 4 Help businesses share their brand journey with the world

Because branding isn't a luxury it's a necessity. and recognition is the most powerful marketing tool of all.

Our Credentials Speak for Us

at Tejas Web Solutions™, quality is not just a promise – it's a standard we uphold

MSME Registered

Empowering local business with trust and transparency.

ISO 9001:2015 Certified

Brand,
story

YOUR

Branding
& Identity
Design

LOGO DESIGN

Your visual signature — crafted to be iconic, scalable, and meaningful.

BUSINESS CARD & IDENTITY KIT

Professionally designed cards, letterheads, envelopes, and email signatures that leave lasting impressions.

COLOR PSYCHOLOGY & TYPOGRAPHY

We apply design psychology to build a brand feel that matches your audience and values.

BRAND STYLE GUIDE

A document that defines consistent usage of your brand elements — fonts, color codes, dos & don'ts.

SOCIAL MEDIA BRANDING KIT

Matching banners, icons, and post templates to keep your online presence on-brand.

REBRANDING STRATEGY

Feeling outdated? We help reposition your business with a modern and relevant identity makeover.

Every successful business has a unique identity one that customers recognize, remember, and trust. At Tejas Web Solutions™, we don't just create logos, we shape your brand story, build trust, and elevate your presence visually, emotionally, and professionally.

Website Design & Development

Your website is not just a digital presence. It's your first impression, your 24/7 salesperson, and your most powerful branding tool.

Why Every Business Needs a Website

Whether you're a school, startup, salon, or service provider, your website is your digital identity. It's where trust begins. At Tejas Web Solutions™, we don't just build websites — we design experiences that convert visitors into customers.

"Your website should feel like you, speak for you, and grow with you." And we make sure it does — beautifully, professionally, and affordably.

Social Media Content *Creation & Handling*

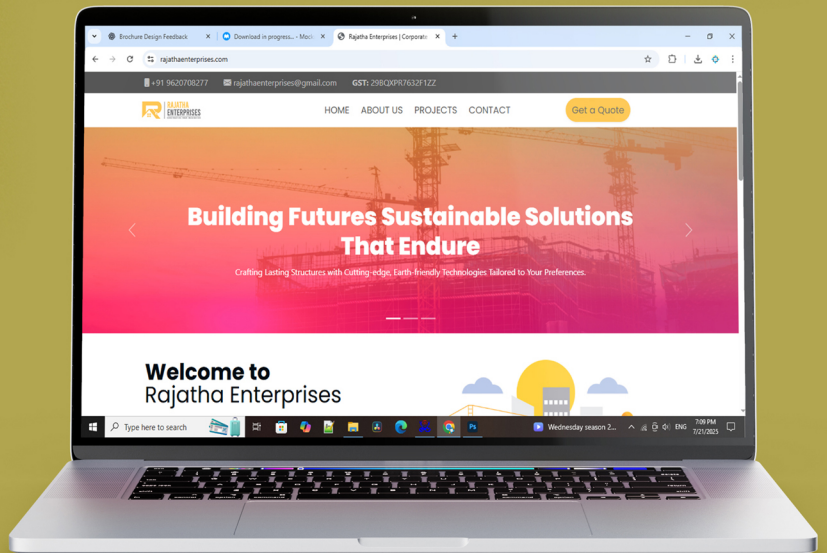

If your business is not on social media, you're invisible to the people who matter most your next customers.

From Likes to Loyalty Let's Grow Together

We don't just create content. We nurture your brand, build your story, and help you be remembered in a noisy world.
